Dear Families,

Here is Meadowbrook Elementary's Parent Engagement Policy. It highlights how we want to involve you as decision makers, learners, teachers and advocates for our students. Listed below are ways that you can become involved in the school and ways to learn how to teach your child:

- Workshops will be held for parents at specific grade levels to help you support your child with reading and math
- Special events will be held throughout the year in which your family can participate in reading and math activities
- We have a Parent Lending Library where you can check out games/activities to work on literacy and math skills at home with your child
- A Parent Advisory Committee has been established by the district in order to open lines of communication with parents

Thank you so much for all of the support and help you provide!

If you have any questions please contact Principal Stephanie Benson or Lead Teacher Rachel White at (828) 646-3445.
